Dragonvale world mod apk unlimited gems

We hatched a brand new DragonVale game! Enter a magical world in 3D and experience adventures filled with dragons. When you start collecting them, you will not be able to stop! These charming fire-eaters love to walk around, and it will take an expert hand to help them thrive and explore. + Discover more than 280 dragons + New crystals guarantee enchanted dragons + An epic Zodiac dragon arrives every month + Bring back almost any dragon with the return bonus! + Keep the ephemeral dragons a little longer with the persistence bonus + Prepare potions to speed up almost any process, even preparing potions! + Increase your breeding chances with the Rarity Healing bonus + Feed the dragons to grow, from baby to teenager to adult DragonVale MOD APK (Free Shopping) – Dragons have always been known as a mysterious animal, bearing the power and the incarmity of the saints. If you've seen dragon movies like Erogan or Dragon World, you're no stranger to this divine animal. What if one day you raise and control dragons? That idea will be implemented in this game. If you talk about a farm game, many people will think of Hayday. But if it is a dragon farm, DragonVale is a game that can not be disregarded. After many years in the mobile gaming market, the child of blackflip studios has achieved more than 10 million downloads on Google Play.Build your own dragon valley, a valley dedicated to dragons. Your task is to create a living area for dragons, thereby raising them and making them your pets. Players can manually design, decorate and expand their empire. Funny pieces of decorations are always available in the store or can be unlocked after completing a fixed task. In addition, to serve the needs of territorial expansion, the game is also added to the feature of exploring new lands through the use of money to buy. Up to now, DragonVale has 280 items along with 27 lands. More than 500 dragons and 7 attributes are waiting for you to explore, entering a world with only dragons, players will be free to explore raising their own pets. Divided into 7 basic attributes including Soil, Fire, Water, Ice, Metal, Wind and Wood, each system has different requirements for nourishment and living space. DragonVale offers experienced people a variety of options to choose their species attributes as well as their city structure. 502 is the exact number of dragons in the game, 174 of which are element dragons, 169 special dragons and 182 epic species that promise to bring players interesting experiences. Creating rare dragons with the same graft feature, in addition to the basic attributes mentioned above, players can completely create other species through the breeding feature. Two dragons, whether they're in the same system or not can be inserted into a pair that is sometimes large enough. The interesting thing about this feature is that you can't know exactly which dragon you'll get until the dragon egg hatches. If you're a good dragon, you can give me an equally good child, or maybe, it's the most ordinary of the normal dragons? It's all based on your probability and luck. Notable activities Besides the dragon breeding and grafting feature, when the required level is reached, the player will be able to participate in the dragon race. Dragon breeders around the world will bring their best dragon racetracks to compete against other players. Winning high positions in the race brings many attractive gifts for dragon trainers, including gems. These stones will be used during dragon breeding to increase the probability of creating dragons of high rarity. Besides, DragonVale knows how to satisfy players by regularly opening events big and small, creating opportunities for players to earn more valuable items. Festive days of the year such as Summer Holiday or Christmas Day are always not to be missed if you want to have valuable items. As a free game for all operating systems, DragonVale still has paid packages for players who want to experience more of the game's features.Eye-catching graphicsNo massive graphics platform like Dragon City but DragonVale is still relatively eye-catching by the image department. The colors in the game harmonize with the shape of cool dragons mixed with a little love. Dragon has impressed players with the graphics. In addition, the gentle but vivid game sound will definitely give players the most relaxing moments. MOD APK version of DragonVale Free Shopping MODBuy feature: You can buy paid items, gems, chests ... without paying. How to useYou need to install Lucky Patcher APK on your machine so that the MOD version can work. Download DragonVale MOD APK game for Android, in general, DragonVale is a very interesting game, very worth playing. A magical world, a valley full of dragons and countless exciting rewards await you to explore. If you have dreams of becoming a dragon trainer who wants to raise and watch them grow up, this is a game you can't miss. - Developer: Backflip Studios Price: Free+ DragonVale World Mod Unlimited Money/Coin – is an interesting, popular and entertaining game management and simulation game from the Backflip Studios, Inc. game studio for Android, which has been released for free on Google Play and has grown to over 5 million times by today's Android users around the world.
